Dear Mr. Kess:

I am opposed to bringing back the tolls for the following reasons:

1. We had them taken away because they were causing too many accidents, including fatalities-traffic has doubled, if not tripled, since tolls were in existence.
2. We're already paying more than enough in taxes; why should the driver have to pay even more?
3. We pay the highest gas tax in the nation. Why isn't that revenue enough to subsidize further construction on our bridges and roads?
4. Instead of encouraging tourism, you will be discouraging it, if you bring back the tolls.
5. Tolls cause delays; just adding them would be detrimental to the morning & evening rush hours.

Please oppose this bill, as it would be a grave mistake to implement a plan that we know has more drawbacks, than it does advantages.
